DEAR COLLEAGUES,

We are delighted to invite you to the XXIII International Scientific and Practical Online — Conference

"RENEWABLE ENERGY and ENERGY EFFICIENCY of the XXI CENTURY".

PURPOSE OF THE CONFERENCE

The purpose of the Conference is to discuss problems and development prospects of renewables. Among them are electricity production, wide use of bioenergy resources, heat supply systems and utilization of the heat of the Earth by harnessing solar power, wind power and hydropower potential, as well as measures aimed at energy saving and energy efficiency.

CONFERENCE TOPICS

- Energy efficiency
- Combined hybrid RE systems
- Wind power
- Solar power
- Biomass Energy
- Hydropower
- Geothermal power
- Educational activity
- Hydrogen power
- Environmental energy (heat pumps)
- Smart grids
- Hydrogen Energy

**Ukrainian, Polish and English
will be official conference languages.**

THESES REQUIREMENTS

The brief outline report (theses) should be submitted in Ukrainian, Polish, Russian or English.

It should have:

- The title, company name and the authors' list in original language and in English.
