

IREG Observatory on Academic Ranking and Excellence

25 April, 2022

Prof. Michael Zgurovsky
Rector of Igor Sikorsky Kyiv Politechnic Institute

Dear Prof. Zgurovsky,

It is my great pleasure to invite you to be a special guest at the IREG 2022 Conference “Academic Rankings at the Crossroads” in Warsaw, 23-24 June 2022. This will be a jubilee conference marking the 20’ anniversary of the first meeting of IREG also in Warsaw. We are inviting you as a person who belong to the close group of people that have been with IREG form its beginning.

It is very important for you to come to Warsaw as a representative of the higher education in Ukraine. By being present here, you will have an opportunity to inform delegates from many universities in Asia, Europe and America about the situation in your country, and especially about what help Ukrainian higher education will need in the process of recovery and rebuilding.

This will also provide an opportunity to meet with several rectors of Polish universities that are engaged in assistance to Ukrainian students and university staff.

The organizers will provide accommodation and necessary transportation.

With best regards,

A handwritten signature in blue ink that reads 'Waldemar Siwinski'.

Waldemar Siwinski
Vice-President
